

# Printable Star Ornament

1. Color your stars!
2. Cut out the the star along the outer lines
3. Cut along the dotted line
4. Add folds along solid lines
5. Use glue stick to add glue to the gray triangle
6. Glue the star into a 3D shape by pushing the gray triangle area underneath the colored part

\*\* Print out two pages of this sheet and glue the matching stars back to back to make a 3D star ornament!
